Interior Design

Introduction

I turn concepts into captivating spaces. Every design I create blends elegance, comfort, and innovation—crafted to leave a lasting impression.

About me

With over 11+ years of specialized design experience and more than a decade in the industry, I create interiors that are simple, functional, and visually impactful.

My expertise includes residential and commercial design, 3D visualization, modular furniture detailing, and project coordination. I focus on clarity, purpose, and user experience — designing spaces that are modern, efficient, and beautifully balanced.

MINIMAL

My approach blends creativity, emotion, and storytelling. I enjoy experimenting with textures, layers, and unique material combinations to create interiors that feel expressive and full of character.

My designs aim to spark inspiration and transform spaces into experiences.

My Style

- Interior Design (Residential & Commercial)
- Modular Furniture Design (Kitchen, Wardrobes, Storage Solutions)
- Space Planning & Material Selection
- 2D Drafting – AutoCAD
- 3D Modelling – SketchUp, 3Ds Max
- Rendering – V-Ray
- Client Coordination & Presentation
- Project Execution Support

Skills & Expertise

- AutoCAD
- SketchUp
- 3Ds Max
- V-Ray
- Photoshop
- MS PowerPoint
- Blender
- D5 Render
- Enscape

Software Proficiency

Portfolio

My portfolio represents a curated selection of interiors crafted with precision, elegance, and emotion.
Every project is a blend of refined aesthetics, thoughtful planning, and carefully chosen materials—resulting in spaces that feel timeless and beautifully orchestrated.
This collection reflects my design philosophy: luxury in simplicity, beauty in detail, and purpose in every square foot.

Project 01

Modular Kitchen Collection

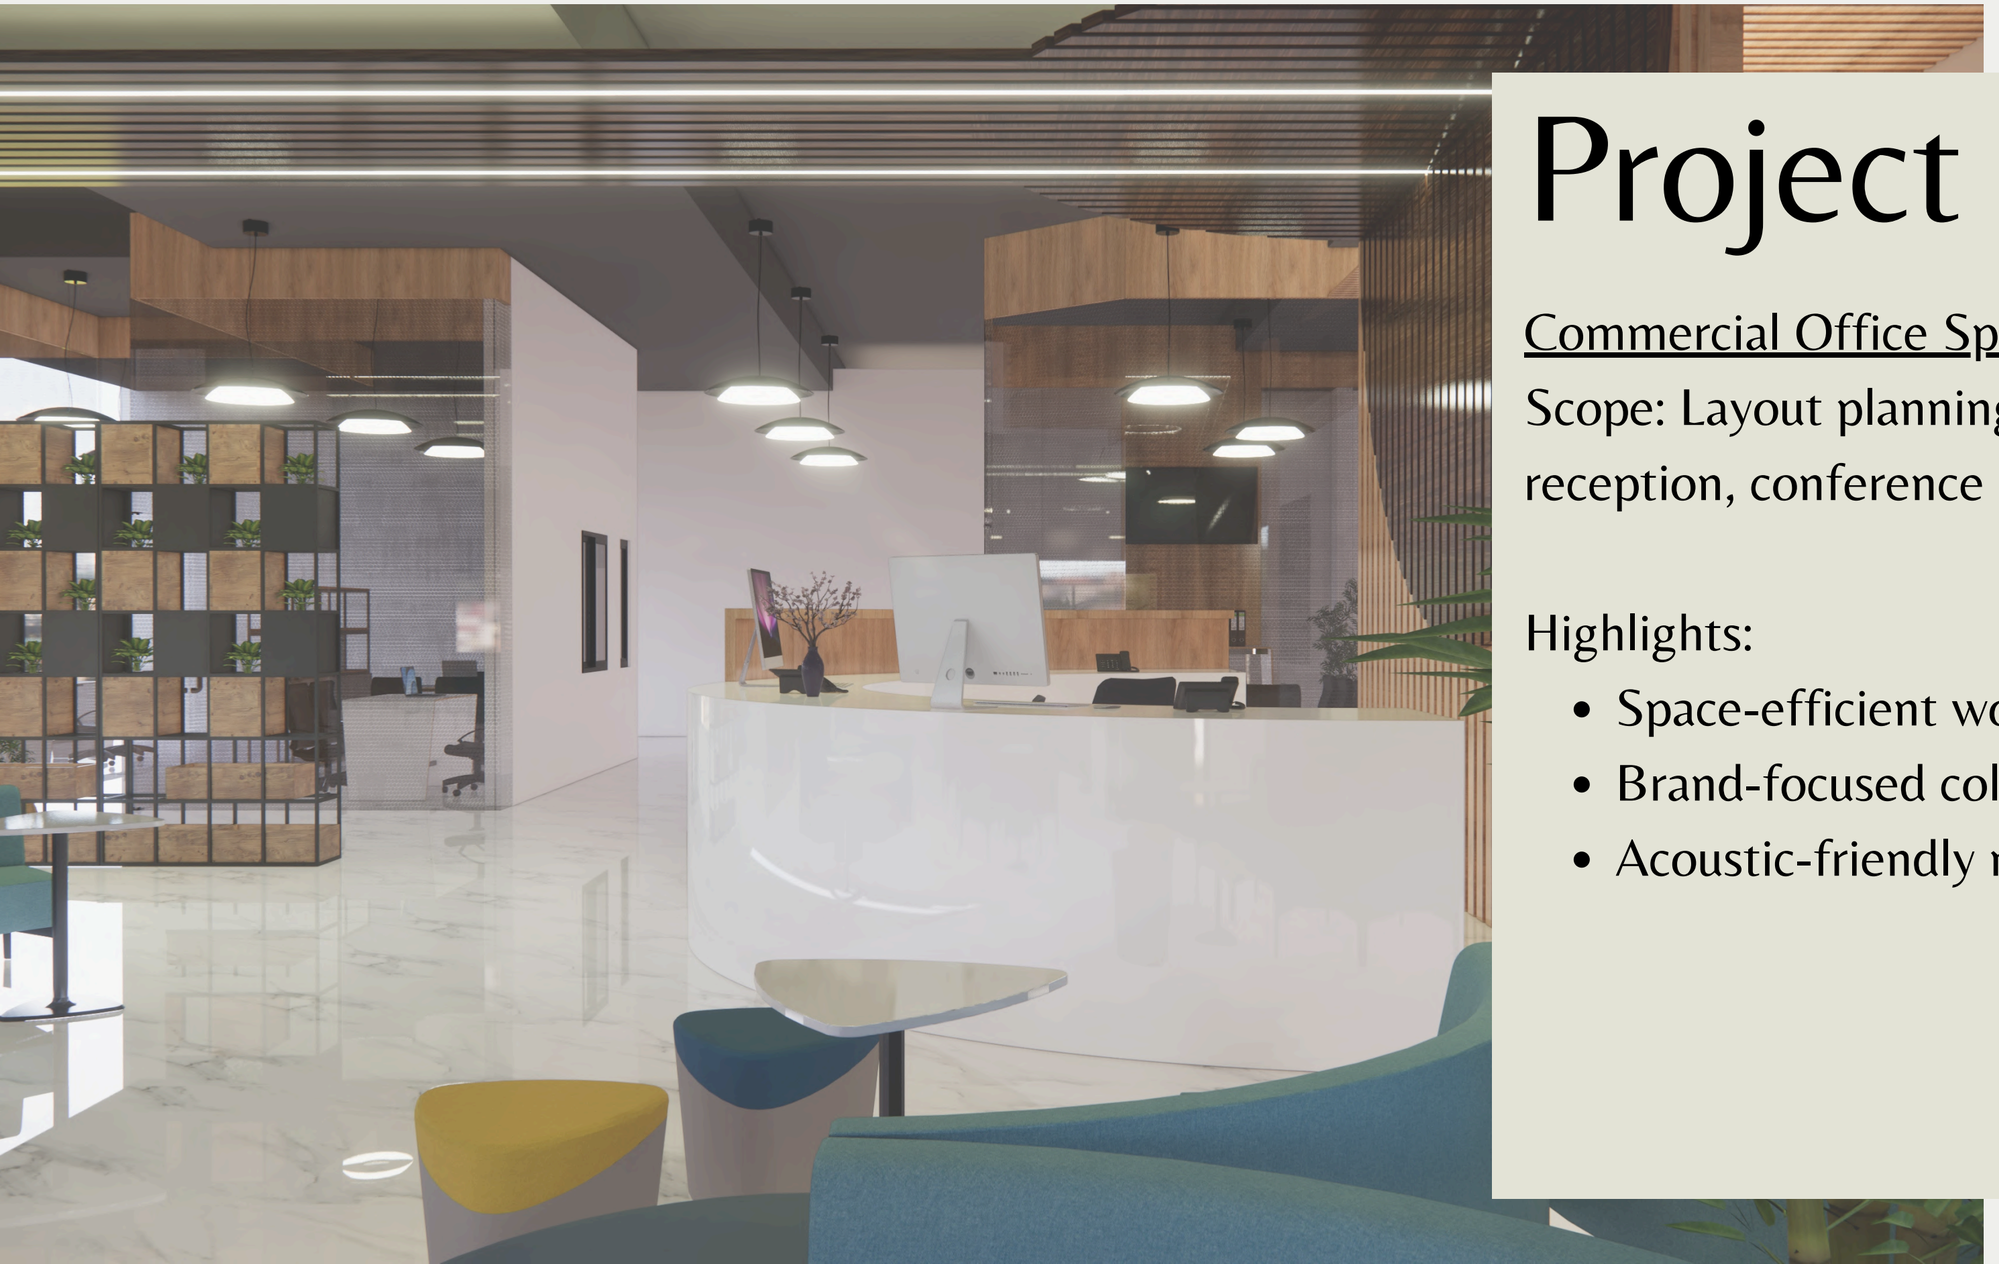
Types Designed:

- L-shaped kitchen
- U-shaped kitchen
- Island kitchen concepts
- Handleless modern kitchens

Key Features:

- Material boards
- 3D renders
- Colour palettes

These modular kitchen designs combine efficiency, aesthetics, and smart space planning to suit modern lifestyles. Each concept is thoughtfully crafted with premium materials, ergonomic layouts, and seamless functionality.



Project 02

Commercial Office Space – Kolkata

Scope: Layout planning, workstation design, reception, conference room

Highlights:

- Space-efficient workstation layout
- Brand-focused colour scheme
- Acoustic-friendly meeting rooms

This commercial office space is designed to maximize productivity, comfort, and brand presence. The layout ensures smooth workflow with well-planned workstations, a welcoming reception zone, and acoustically optimized meeting areas. Every element reflects a modern corporate identity while enhancing day-to-day usability.

ZENITH CORP

Project 03

Jewellery Shop Design Collection

Types:

- Retail showroom layouts
- Luxury display gallery
- Double-height jewellery displays
- Backlit feature wall concepts

Features:

- Showcase design (necklace, ring, bangle, earring sections)
- Counter design with secure glass display systems

Cash counter and customer seating layout.

This jewellery shop collection brings together luxury, precision, and brand storytelling through thoughtful spatial design. Every display—whether for necklaces, rings, or bangles—is crafted to enhance visual appeal while ensuring security and customer comfort. Rich materials, accent lighting, and iconic feature walls create an ambience that elevates the shopping experience and highlights the brilliance of every piece.

Project 04

Bedroom Design Collection

Types:

- Master bedroom
- Guest bedroom
- Children’s bedroom

Features:

- Bed backdrop concepts.
- Wardrobe planning
- False ceiling design with lighting combinations
- Color palette planning for mood & ambience

This bedroom collection focuses on creating calm, personalized, and visually balanced spaces for every age group. From luxurious master suites to playful children’s rooms, each design blends smart storage, curated color palettes, and thoughtful lighting to enhance comfort and ambience. Every element is crafted to maximize functionality while delivering a warm, stylish, and restful environment.
