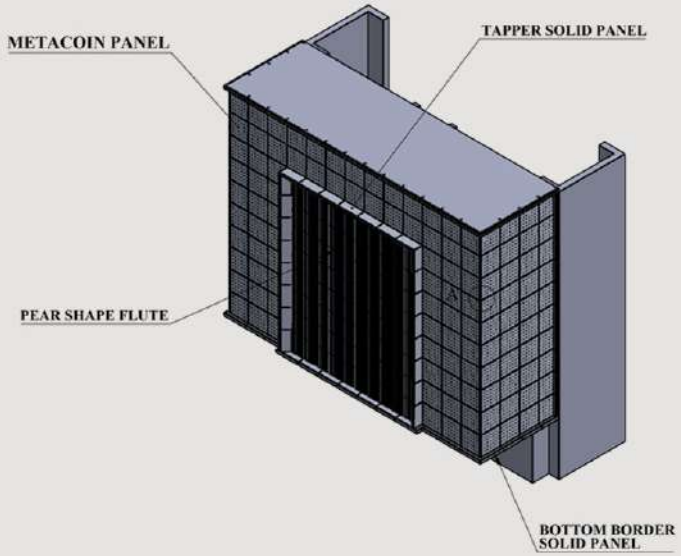
TANISHQ- SOUTH EX

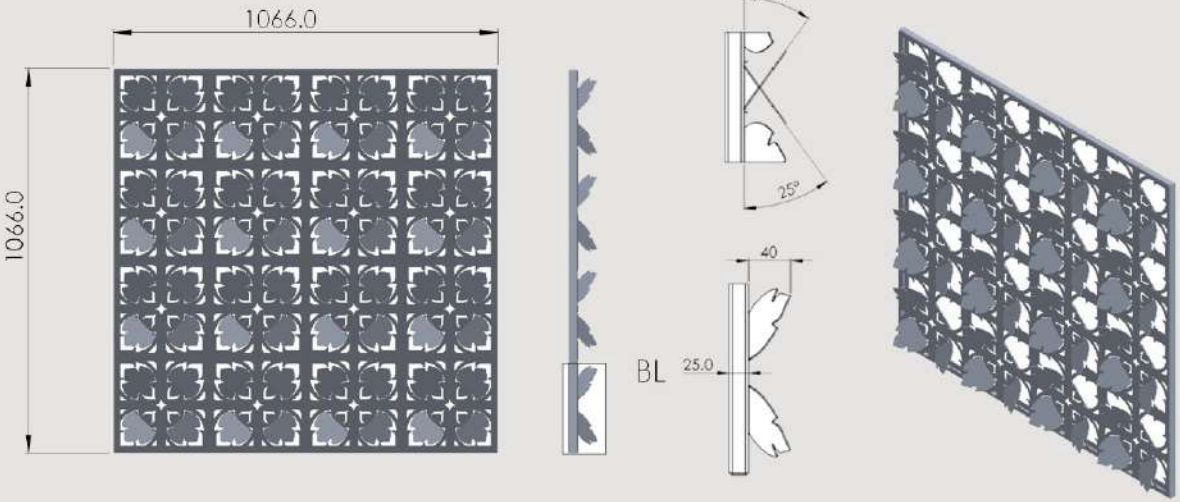
Retail Identity-New Jaali Design

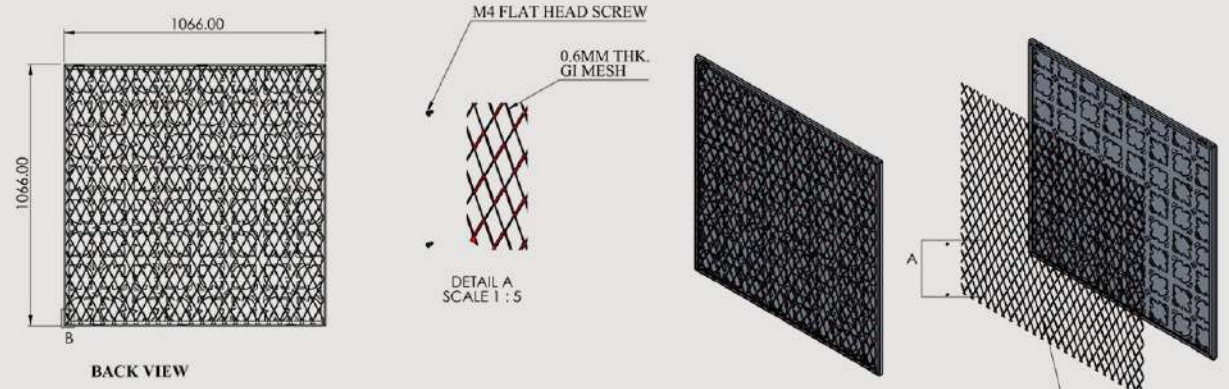
The facade design for Tanishq-South Ex has been meticulously crafted, drawing inspiration from our established retail identity featuring intricate jaali designs. Within this design, we have artfully sculpted the negative spaces of the jaali, symbolizing the emergence of a novel identity tailored for the contemporary millennial demographic. This design warmly welcomes individuals as it converges, blossoming and transcending the ordinary surface.

The parametric nature of the jaali lends a dynamic quality, undergoing a captivating transformation as one moves across the structure. It adeptly captures and projects light and shade, skillfully engaging the viewer's attention and interest through its various facets.

These facets, characterized by a multi-dimensional interplay of light and shadow, purposefully mirror the diverse aspects of the millennial generation. From their tech-savvy inclinations to their embrace of tradition, from fostering diversity to making refined lifestyle choices, each facet is thoughtfully represented in this visually striking design.



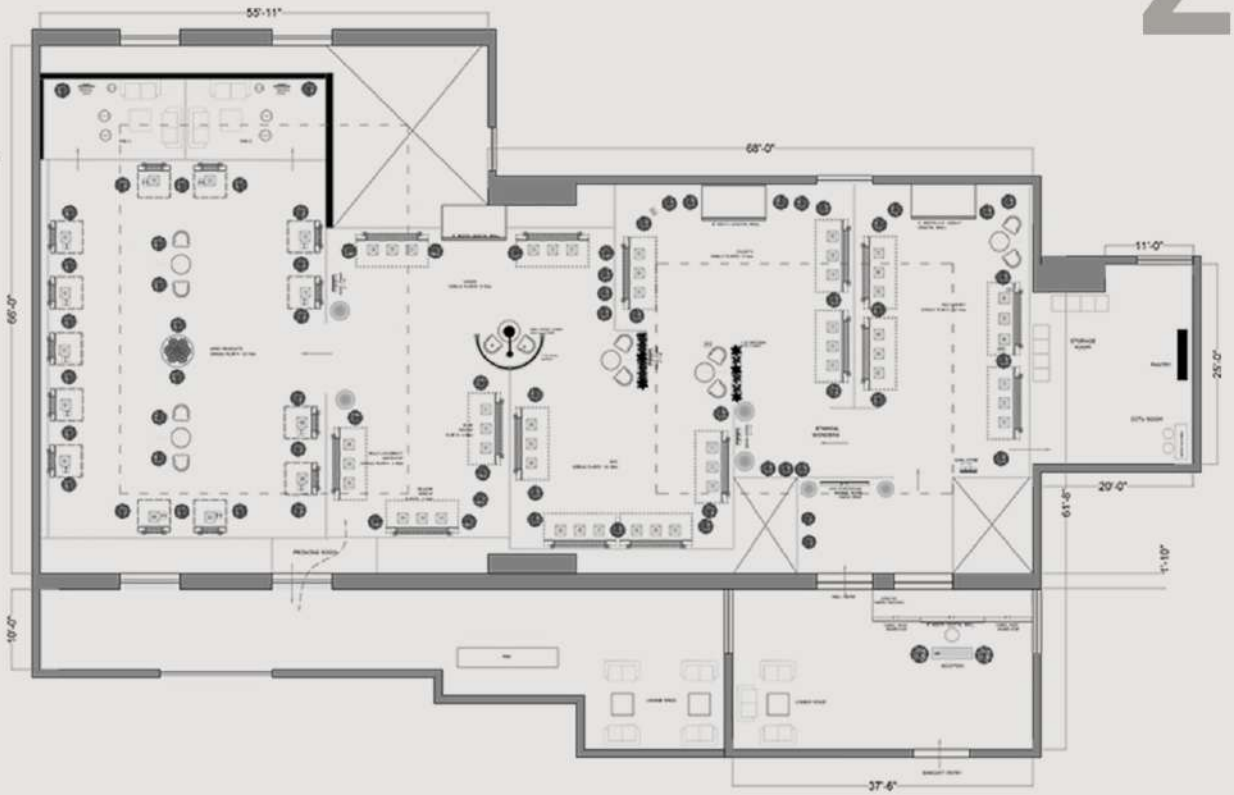




ETHEREAL WONDERS

Exhibition Design

Exclusive exhibition space thoughtfully crafted to showcase brand's curated Solitaire collection, tailored specifically for evolved, elite, and affluent customers. Designed to evoke an elegant aura, the environment emphasizes subtlety and modern aesthetics, allowing the brilliance of each piece to shine through effortlessly. The refined ambiance not only highlights the exquisite craftsmanship but also creates an



CRAFT STORE DESIGN

RAJOURI GARDEN-NEW DELHI

3

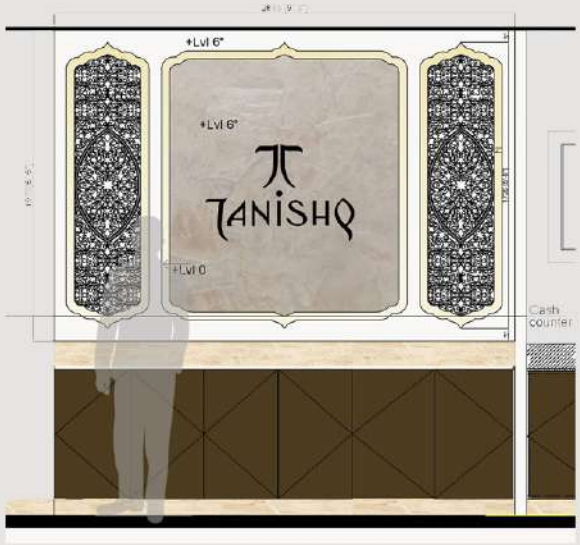
Designed a Tanishq craft store concept rooted in local art, craft, and architecture telling the story of the market and connecting people deeply to their cultural heritage.

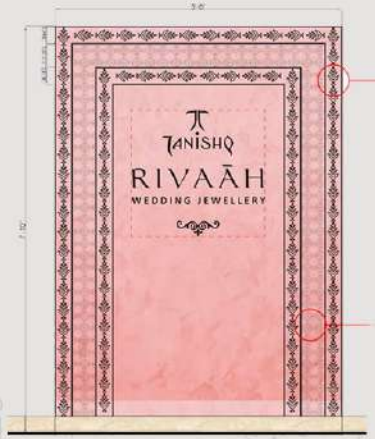
-Celebrate local artisanship and design language

-Encourage storytelling through spatial design

Brass motif

Branding-
Gold foiling on wood





A cash counter concept that celebrates local architecture and craftsmanship ,blending traditional forms and artisanal details to create a functional space rooted in cultural identity.
