WORK EXPERIENCE

Golden Axe interiors

Met with clients to establish décor needs and used Skitch up & auto cad to create custom project proposals in alignment with client budget, tastes and timeframes.

- **Livspace**

Planned, designed and furnished residential properties to create unique living spaces, Establish décor needs and used Canva & Auto cad to create custom project proposals in alignment with client budget, tastes and timeframes, Followed changes in industry trends and changing styles.

- **NO BROKER INTERIORS**

I got an offer to Create accurate 3D models based on the provided specifications, ensuring alignment with project requirements. Generated photorealistic renders to visualize design concepts and communicate ideas effectively to clients. Produced detailed 2D production drawings for projects using AUTOCAD & Prolance Have a good experience in client handling and site management along with I have a good knowledge of materials.
